All surgery presents risk. While clinical studies support the use of the *da Vinci*® Surgical System as an effective tool for minimally invasive surgery for specific indications, individual results may vary. Patients and doctors should review all available information on non-surgical and surgical options in order to make an informed decision. For complete technical information, including Intended Use and full cautions and warnings, please refer to the *da Vinci Xi*® Surgical System instructions for use and Integrated Table Motion addendum, Instrument & Accessory, and *Firefly*® instructions for use and other product information. Please also refer to www.intuitivesurgical.com/safety for important safety information. © 2016 Intuitive Surgical, Inc. All rights reserved. PN 1025752-EU Rev A 4/16

Information for delegates

Dear colleagues

ESTS wishes to announce a new initiative for 2016 in Naples.

We wish every aspect of the Conference to have an educational value for you.

With this in mind we have managed to arrange, in Partnership with our Industry colleagues, training sessions at the Exhibition space.

This is a unique opportunity to book an available slot at an Industry booth and experience the latest technology and medical devices available.

These slots come free of charge and give you the privilege of having a one to one tutorial and practical skills on new technology.

If you wish to book such appointment please follow the available link
